

SUPER CPAP BATTERY PACK

The freedom to power your PAP device no matter where your world takes you!

- Works with most makes & models of PAP devices. No prescription required.
- Stylish & functional carrying case, connector tips, AC Charger, and DC Power Cord included.
- Four stage LED power gauge indicates remaining usage time.
- The perfect solution for outdoor enthusiasts. *Battery Packs can be recharged via the cigarette lighter (power) socket of a vehicle giving you even more time to enjoy your outdoor adventures!
- Equipped with standard smart chargers keeping the Battery Pack topped off and ready to go as an emergency power backup during power outages.
- Use a power inverter in conjunction with the Battery Pack to power other small electronic devices such as iPods, laptops, iPads, and smartphones.
- *Use in a single battery configuration or pigtail two batteries together for even more power!*

**Average Run Times:

Single Battery Configuration

Respironics & Other 12V CPAP Machines: 1-3 nights

*ResMed & Other 24V CPAP Machines: 1-2 nights

Double Battery Configuration

Respironics & Other 12V CPAP Machines: 3-5 nights

*ResMed & Other 24V CPAP Machines: 2-3 nights

Recharge Time: 5 hours (per battery when battery is fully discharged)

Dimensions: 7.5" x 4.25" x 0.75" (L x W x H)

Weight: **Only 1.6 lbs!**

**Use of a power inverter required.*

***Run times are estimates and vary depending upon several factors including device type, whether a power inverter or converter is used in conjunction with the battery, pressure setting, and altitude. Listed run times are based on Respironics System One and ResMed S9 Series PAP devices with no heated humidification or tubing.*

**Use of a power converter or inverter required.*

"The battery pack worked great on my trip. I got three nights of usage - as advertised. Kudos!" - Rich from Banks, OR
